

SILICON CARBIDE AND GRAPHITE CRUCIBLES AND AUXILIARIES FOR FOUNDRIES

PROTECME S.p.A. exclusively distribute a new complete line of high quality crucibles, stands and accessories, under the brand GRAPROSIC®.

Different sizes of crucibles are available in stock at PROTECME's warehouse, both ISOTHERM SIC and ISOTHERM GRAPHITE types, particularly:

- **BU** basin type
- **C** with or without pouring spout
- **TP** for tilting furnaces, suitable for every type of alloy
- **A** particularly used for copper alloys
- **BUN** with small stand on the bottom

- **THERMOCOUPLE SHEATHS**
- **STANDS**

On request we can supply plungers, spoons, tubes, ladles and launders.
